

**Name:** Bryan S. Gerber, PsyD, PhD  
**Institutional affiliation:** Stark State College  
**Area of specialization:** Developmental/Educational  
**Website (if applicable):**

Education is my second career. I have been teaching since 2004. Prior to this time, I developed, implemented, and facilitated alternative programs for adjudicated youth. These included therapeutic wilderness programs, alternative education programs, and creative curricula. Since entering higher education, I have become highly involved in promoting the value of engagement in assuring program completion for students as well as adjusting the paradigm from pedagogy to andragogy in higher education.

**Representative publications (no more than five):**

Gerber, B. (2018). A grounded theory approach to the way in which community college students experience and describe the preferred professor. ProQuest Order Number 13418825.

**Representative honors or awards (no more than five):**

10-time nominee for Distinguished Teacher – Stark State College  
2-time nominee for National Wayne Weiten Distinguished teacher – STP  
Selected to participate in National Summit on Assessment in Psychology = APA

**Involvement in MPA:**

MPA member since 2014  
Presented invited talk and or symposium (2016, 2017, 2018)  
Institutional Representative 2018-2019
